

Critical Care, Anesthesiologist Physician Job Description

Project #: 1841
Job Title: Anesthesiologist, Critical Care Physician
Industry: Healthcare
Salary Range: \$350-400k negotiable + relocation, paid living expenses, insurances, flexible work schedule, vacation
Benefits: Relocation, paid living expenses, insurances, flexible work schedule, vacation
Location: Changchun City, Jilin Province, China
Recruiter: Ria Inducil

Company Profile

Our client is the largest and most modern cardiovascular hospital in the province of Jilin in China. Jilin, the third largest province in the North East, with its economy growing in double-digits, boasts of its very warm and accommodating people, rich culture, world-class entertainment and hospitality destinations.

The Jilin Heart Hospital (www.jlheart.org) was launched in 2004. The hospital has moved to a larger location to accommodate the growing need of patients needing cardiac care. The new 243-bed heart facility opened in September 2011 at the Economic Development Zone, Changchun City. In partnership with Children's Heartlink and the New York Presbyterian Hospital, Jilin Heart Hospital receives continuous funding for training and logistical support to strongly uphold pediatric cardiac programs.

To support the expansion and sustain the partnership initiatives, we are looking for Canadian, US or European - trained Medical Specialists in the areas of Anesthesiology & Critical Care. The Specialists will have the opportunity to work with, coach and lead the existing medical staff.

Qualifications

The successful candidate/s will be able to take advantage of the excellent quality of life Jilin has to offer. Base salary is negotiable and estimated to be approximately \$350-400k CAD (NET) plus bonuses and benefits to include a very well supported professional practice, flexible working hours, paid insurances, vacation with flights covered, very comfortable housing / living arrangements, food, transportation.

As part of the evaluation process, the hospital will sponsor a noncommittal tour of Changchun City to explore living conditions, and if both parties agree, a possible on-the-job case exposure, to assess overall employment potential.

Please apply with current CV, current salary information and your expected compensation package.
